

CAPACITY HOUSE HEARS ROBINSON AT MANNINGTON

Speech Was Dignified and
Pleasing Yet Clear and
Forceful.

One of the largest crowds that ever turned out to a political meeting heard Judge Ira Robinson at Mannington last night where he delivered his second address in Marion county. Voters of all parties and many women of Mannington filled the High school auditorium to capacity to hear the popular candidate discuss campaign issues.

His speech at Mannington was along the same lines as that which he delivered in Fairmont and was given in his pleasing, kindly manner of delivery, always courteous and considerate of his opponents and dignified yet clear and forceful in expression. The Judge was interrupted for several minutes at a time by the spontaneous applause of his hearers. Dr. Dehendorf of Mannington presided at the rally and introduced the speaker.

The crowd which packed the court house yesterday to hear the candidate for governor was one of the most enthusiastic that has greeted the Judge at any of his appearances during the campaign and was splendid expression of the popularity of the Republican candidate with the citizens of this county. His speech was broken into very frequently by the enthusiastic applause of his audience and while he was speaking the best of order and quiet prevailed so that those outside in the corridors might hear even if they were unable to see the speaker.

In closing his address here the Judge took up the questions that the local Democratic paper had requested editorially that he answer in his speech. Reading from a copy of the paper he took up the questions one by one and gave convincing incontrovertible answers to each. This took the representatives of the Democratic paper who were present somewhat by surprise and long before the Judge had finished this short local portion of his speech he had the audience laughing at the bald misrepresentations of the democratic organ.

LIQUOR TEARS OUT SUIT CASE HANDLE

Phil Johnson Thought Merchant Ought to Give Him New One.

Phil Johnson, colored, and A. M. Harrison, of "Harrison's," were in police court this morning, Harrison bringing charges against Johnson of disorderly conduct. John stated that he purchased a \$4 suitcase in Harrison's; that he went to the Point, packed it with four quarts of whiskey and one dozen bottles of beer, and that on his way back the handle came out.

He asked Harrison to replace the broken suitcase, but the proprietor of the store would not do it. Harrison states that Johnson then struck him. Johnson denies this.

Johnson was fined \$15. He paid the fine and stated that he would later give bond for an appeal.

"Shadow" Johnson, colored, hung around police headquarters all day today, trying to find out what struck him last night and who did it. He called on the police and stated that he had been shot near the eye last night at Billy May's restaurant. Examination by the city physician did not bear out this statement, as the wound looks more like a gash made by a bolt or some sharp edged heavy instrument. The police are acting in the case.

NELSON Monday —THEATER—

HIS LITTLE WIFE
This story will appeal to the most exacting picture lover. It is a simple little story of a lovable type of simple folk and the scenes are laid in a quiet little town. Sometimes it causes a tear to dim the eye, and then there is just enough of the right kind of comedy to form an ideal contrast. The story is not without a thrill, as Gertrude Glover, the star, leaps from a high bridge into the river in the course of the play. Harry Comerford touchingly portrays the part of the old man.

City Hall Notes

The city fire department has lately become the motor for auto owners who wish their cars washed. There is a large basin in the department where cars are bucked up and give a good washing. Strangers have had their cars washed several times here, the firemen doing the work.

City Clerk Kern today received a shipment of steel cabinet files. These are to be placed in the vault in his office and in the office of the city treasurer where systems are needed. These were ordered about two weeks ago, shipments having been made Thursday.

Today being Wilson Day there were none of the city hall Democrats on job in the afternoon. They were likely out attending or the red light parade which is rumored will take place tonight.

Madame Rappold would not sing with a Talking Machine

Can you imagine Madame Rappold of the Metropolitan Opera appearing in public and singing with a talking machine? Of course you cannot. Madame Rappold is one of the world's greatest artists. She would not prostitute her art in that way.

She does sing with The NEW EDISON

At Carnegie Hall, New York's inner shrine of music and elsewhere, before 35,000 people, in the aggregate, she has stood beside the New Edison and sung in unison and in comparison with Edison's Re-Creation of her voice, and the music critics of America's leading newspapers concede that Edison's Re-Creation of her voice is indistinguishable from that wonderful voice as it comes from her own golden throat.

Not a Talking Machine

The New Edison is not a talking machine. It is the world's most wonderful musical instrument. We want you to hear it.

Come To Our Store We have been licensed by Mr. Edison to demonstrate this new invention. We should like to give you an Edison Musical.
